
Binding:

Heavy duty black elastic binding is supplied as standard.

Heavy duty white elastic binding is also available, please specify.

If required the binding/sleeve can be printed on flag fabric to match your design. However, this option isn't as durable for long term outdoor use. Please remove the black binding and ensure your design goes right to the red Bleed/Cut line.

Medium (3m x 0.8m) Windchaser Flag Template (square-bottom)

On completion of your design, please remove the blue lines and all other text, then send it to us as a full size pdf file. Please ensure the page size is not larger than the final design.
