

FlagStand XL

Bring your message to your target audience.

1. The weight bars and water bags are equipped with handles for easy transportation.
2. The weight bars and water bags are equipped with handles for easy transportation
3. The flag stand fits into one single bag

4. FlagStand XL with weight bars.
5. FlagStand XL with water bags

Mirage's FlagStand XL is a stable and portable flag stand equipped with a telescopic flag pole, which makes it easy to vary the height up to 5,5 m. The simple construction with few loose parts simplifies transportation and makes the product fast to mount and set up. The FlagStand XL comes in two designs.

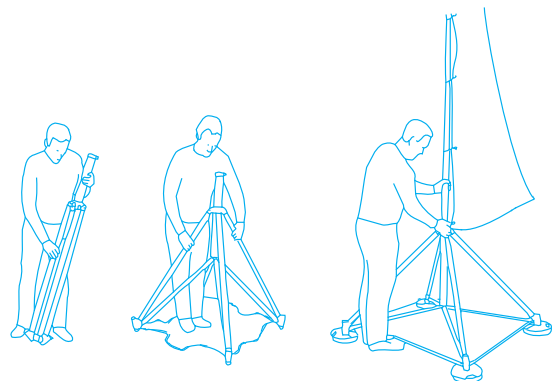

Foot with water bags

The version with water bags is easy to transport since the whole product fits into one bag. Once in place, the strong water bags are filled with water, making the FlagStand very stable even in strong winds.

Foot with iron cast weights

With four weight bars that are easy to fit, you have everything you need for a stable and secure flag stand. The weight bars are equipped with handles for easy transportation.

FlagStand XL is perfect for brand building at events, sales activities and campaigns in all kinds of outdoor environments. All product materials are carefully selected to endure long outdoor use. The FlagStand can be used on almost all surfaces, such as sand, snow, asphalt and grass. It is delivered in a bag for easy transportation
