

1 Poles screw onto steel bases.

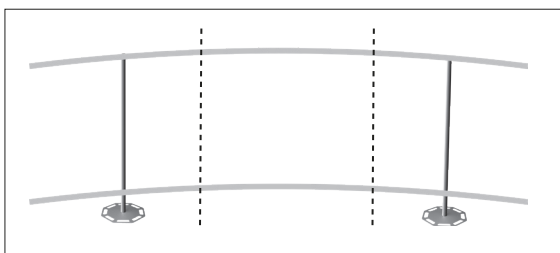

2 Mount the connectors on the profiles.

3 Click the profiles at the top of the poles...

4 ... and at the bottom.

5 Make sure the upper and lower profiles are parallel to each other with the help of the marks on the profiles.

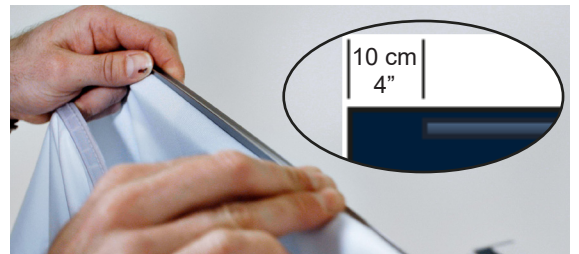

6 Fasten the profiles with the screw.

7 Mount a fabric end holder on each side.

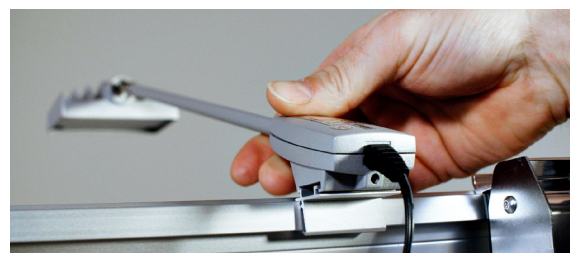

8 Drape the fabric.

9 Press the plastic strip into the upper track of the profiles. Leave 10 cm/4 inches on each side for the fabric end holders.

10 Fold the graphic around the sides and fasten it with the fabric end holders.

11 Mount the lights.

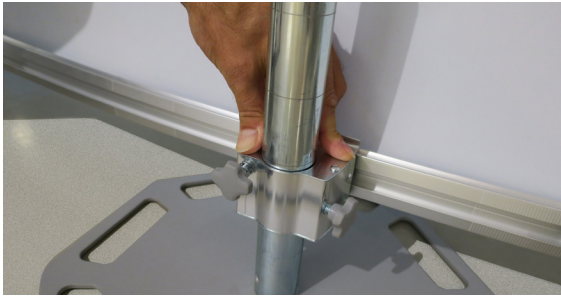

12 Pull up the telescopic pole to the requested height. Use the markings on the poles to assist with alignment.

13 Press the plastic strip into the lower track of the profiles. This is easiest done from the back of the system. Make sure the graphic hangs straight.

SET UP INSTRUCTION FABRIC SYSTEM

14 Stretch the graphic with the lower fastener.

15 Pack the lid and bags into the box and place the top shelf on top.

16 Wrap the panel around the box.

Ready!
