

Bleed/Cut Line

If the background is a solid colour or a full background scan, please ensure it goes right to the red Bleed/Cut line

Binding/ Pole Sleeve

Binding:

Heavy duty black elastic binding is supplied as standard.

Heavy duty white elastic binding is also available, please specify.

If required the binding/sleeve can be printed on flag fabric to match your design. However, this option isn't as durable for long term outdoor use. Please remove the black binding and ensure your design goes right to the red Bleed/Cut line.

Bleed/Cut Line

If the background is a solid colour or a full background scan, please ensure it goes right to the red Bleed/Cut line

Visible outer edge of flag

Small (1.5m x 0.75m) Feather Flag Template

On completion of your design, please remove the blue lines and all other text, then send it to us as a full size pdf file. Please ensure the page size is not larger than the final design.
